Godstowe Vision and Values

OUR VISION

We believe that a child's education should be a journey of joy, self-assurance and personal achievement making them confident, happy and successful.

Confident

Believing in yourself and knowing that you can do things well, whether that's learning something new, making friends or helping others. Being confident, means you feel good about who you are and what you can do.

Happy

Having a happy attitude means looking on the bright side, and enjoying your life even when things are hard. Understanding that it's okay not to feel happy all the time but finding joy in what you do at school, with friends and at home.

Successful

Knowing that success means different things to different people. Being successful is about setting goals, working hard to achieve them, and feeling proud of your progress. It is about growing, learning and being proud of who you are.

OUR VALUES

Our four core values sit at the heart of all we do at Godstowe:

1. Kindness
2. Respect
3. Integrity
4. Balance
